1. From the Control4 app choose the room you want to set a sleep timer in. Tap the sleep icon. Please note that the dealer must add this app to your room if you don't see it.

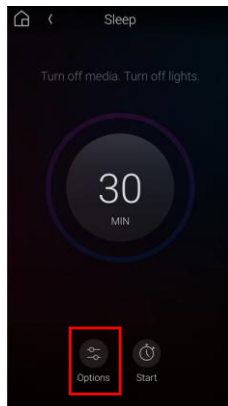

2. Tap the center to select your sleep timer preferences.

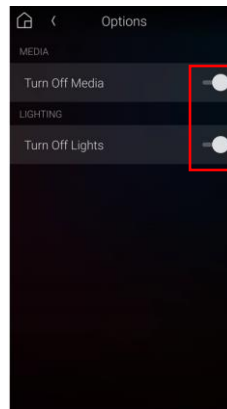

3. Select the amount of time you would like to pass before the sleep timer turns off your selections.

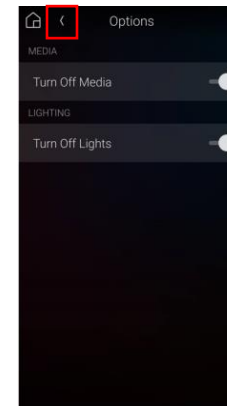

4. Tap options

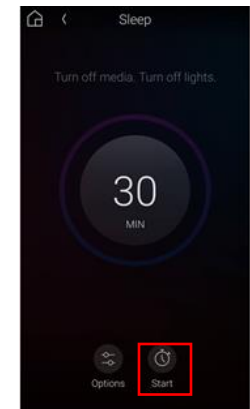

5. Select the items that you would like to turn off.

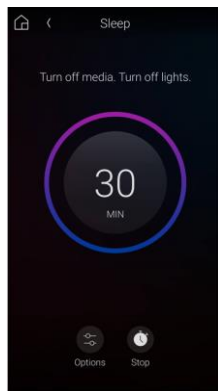

6. Tap the back arrow to return to the sleep screen.

7. Tap start to activate the sleep timer.

8. Your sleep timer is now set. The app lights up and your selections become visible. Your room will turn off automatically at the end of the time you selected.

9. If you would prefer to add a sleep timer to your remote control, you dealer can program a custom button for you. One press of the button can turn off the TV, turn off the lights, lock the doors, close the garage and more.

10. To watch a short video on how to set a sleep timer, click [here](#).
